

# Harvesting Raindrops

## Rain Barrels for Cape Cod

Capture the rainwater from your gutter downspout – it's free.

It's a great way to conserve water!

Rainwater is the best choice for your flowers and vegetables.

**APCC is offering rain barrels for \$79 each includes free shipping via FedEx to your door. For more information and to order online, visit [www.APCC.org](http://www.APCC.org)**

The rain barrels come fully assembled, made from repurposed food barrels, otherwise destined for a landfill.

Your choice of color: green, blue, terracotta (shown), gray or black.

*Joanne P. "I have used rain barrels for 10+ years to water my plants, a huge plus when we get dry spells or water restrictions, a must have!"*
